

Alcoholic Kidney Remedies Have Many Deaths to Answer For.

Remember this—Kidney-Wort Tablets CANNOT contain alcohol.

PATRICK McNAMEE relieved of Bloating and Tired Feelings in four days.

Mr. Patrick McNamee of Philadelphia, Pa., wrote Sept. 26, 1903:

"Some time ago I had terrible pain in my kidneys. I never had taken any special kidney medicine, but I thought I must have some trouble, as I had bloating of my hands and limbs and felt so tired all the time. I took Dr. Pettigill's Kidney-Wort Tablets and immediately the bloating of my limbs and the tired feeling disappeared. I began to feel better right away, and today I am as well as ever. My health has been restored and I feel like a new man. I heartily recommend Dr. Pettigill's Kidney-Wort Tablets to everybody troubled with kidney maladies."

Consider the great work which the kidneys have to perform and the ease with which they become tired, sick and worn out. Let your morning urine stand twenty-four hours. If it contains cloudy or reddish sediment your kidneys are in trouble.

JIMINEZ MUST BE GOOD.

Hay Expects Him to Fulfill Wos y Gil's Promises.

TOO MANY REVOLUTIONS.

United States Government Does Not Look With Favor Upon the Constant Turmoil in Santo Domingo—Clayton's Warning.

Washington, Nov. 26.—The capture by the insurgents under General Jimenez of Santo Domingo city, capital of the Dominican Republic, resulting in the fall of President Wos y Gil, is of the greatest importance to the United States.

A few weeks ago the insurgents informed this government and also notified Charge d'Affaires Powell that they would not recognize agreements thereafter made by the de jure authority of the republic. Subsequently Mr. Powell made an arrangement with President Wos y Gil's administration to sub-

PRESIDENT JIMINEZ.

mit to arbitration the long pending claim of the Santo Domingo Improvement company, and at the time of Wos y Gil's overthrow Mr. Powell was pressing for a settlement of other American claims. This government will not permit the new authority in Santo Domingo to repudiate arrangements made with the Wos y Gil government. It will insist that these arrangements be carried out.

Revolutions Must Cease.

It is said at the state department that the statement attributed to United States Minister Powell in the press dispatches, that periodical revolutions ought to cease because they interrupted commercial relations with other countries and augmented the debt of Santo Domingo, which was without means to pay provincial creditors, that these periodical revolutions endangered the peace of his government and of the governments of other nations and that the present revolution, if continued, would imperil the sovereignty of Santo Domingo, is made upon the minister's own authority and without special direction from the state department.

This does not mean that the state department withholds approval of the minister's statement, which in fact is. It is pointed out, directly in line with the representations which United States Minister Beaupre was instructed to make to the government of Colombia. It is the intention of the department to hold the new revolutionary government to all engagements respecting arbitrations and American concessions which were entered into under the administration of Wos y Gil, notwithstanding the disposition shown by the Jimenez party to disavow these agreements.

REYES INDIGNANT.

Cables His Government That Coghlan Would Not Let Him Land.

Bogota, Colombia, Nov. 26.—General Reyes cabled to the Colombian government Sunday from Port Limon, Costa Rica, that he was unable to do anything regarding the canal with the Panama commission at the conference held Nov. 20 on board the French steamer Canada, off Colon. He added: "The Americans prevented us from landing at Colon. Admiral Coghlan informed me that he had instructions from Washington to prevent Colombian troops from landing on the coast of the isthmus."

Colombian public opinion strongly condemns the attitude of the government at Washington, which, it is claimed, decidedly helps the secession movement in Panama.

Cartagena Embargo Confirmed.

Colon, Nov. 26.—The Italian steamer Venezuela, which has arrived here from Savanilla, confirms the previous statements to the effect that Cartagena and Savanilla are closed to steamers going to or coming from Colon. The Venezuela's agents at Savanilla represented that the Venezuela was not aware of the closing of the ports and asked as a special favor that a Colon clearance be granted. The authorities acquiesced, but said they could not do so again. The decree closing the ports of Cartagena and Savanilla originated with the government of the department of Bolivar. The protests of the foreign consuls and steamship agents are still unheeded.

American Missionaries Safe.

Washington, Nov. 26.—At the instance of the American Missionary society, which had become apprehensive for the safety of its agents in Colombia during possible disorders arising from the separation of Panama from the parent state, Assistant Secretary of State Loomis last Monday cabled to United States Minister Beaupre at Bogota an inquiry on this point. He has just received a reply from the minister, stating that the missionaries are in no possible danger. The minister makes no reference to his own situation, nor does he refer to the political developments in Bogota.

Cornelia Roosevelt Scovel a Countess. Florence, Italy, Nov. 26.—The religious marriage of Miss Cornelia Roosevelt Scovel to Count Arturo Fabbricotti has occurred here. The best man was Frederick Scovel and the bridesmaid was Miss Sartoris Grant Scovel, respectively the brother and sister-in-law of the bride. Both the Catholic and Protestant ceremonies were performed. Duke Leone Strozzi, the deputy mayor was present. The civil ceremony had been performed previously.

Curzon Holds Durbar in Arabia. Bunder Abbas, Gulf of Ormuz, Persia, Nov. 26.—While on his way here the viceroy of India, Lord Curzon of Kedleston, held a durbar at Shargah which was attended by many prominent Arab chiefs of that coast. He made a significant speech, reaffirming the intention of Great Britain to maintain her supremacy in the Persian gulf and declared the government adhered to its policy of guardianship and protection of the chiefs.

Harriet Hubbard Ayer Dead. New York, Nov. 26.—Mrs. Harriet Hubbard Ayer, the well known newspaper woman, is dead of pneumonia after a week's illness. She was the widow of Herbert Ayer, once one of Chicago's leading business men. For the past seven years she has been on the staff of the New York World.

Herkimer Supervisors in Deadlock. Herkimer, N. Y., Nov. 26.—The board of supervisors of Herkimer county, which has been balloting for the election of a chairman for fourteen days without result, has adjourned until Monday after taking the fifteenth ballot. Each ballot has resulted in a tie vote, 11 to 11.

Porte Replies to Powers. Constantinople, Nov. 26.—The Austrian and Russian ambassadors here have received the reply of the porte to the Macedonian reform proposals of the powers, accepting in principle all the nine points of the reform scheme.

Countess Kwielecki Not Guilty. Berlin, Nov. 26.—The Countess Isabella Wesienska Kwielecki, charged with presenting a false heir to an estate at Wroblewo, province of Posen, who has been on trial here since Oct. 20, was acquitted.

HOUSE WON'T ADJOURN.

Leaders Stand by Cannon In Opposition to Senate's Programme.

FRAMING THE COMMITTEES.

Assignments Will Probably Be Announced on Monday and Consideration of Regular Business Will Be Began.

Washington, Nov. 26.—Until the senate either passes the Cuban bill or rejects that measure no proposition to adjourn the extra session of the Fifty-eighth congress will be entertained by the house of representatives. This is the declared position of the leaders of that body and indicates no change in the position first taken by Speaker Cannon and his colleagues on this matter. As this fact has become understood by the leaders of the senate there is likely to be no effort made by that body to bring the extra session to an end until it lapses into the regular session, Dec. 7.

Speaker Cannon is making all possible speed in the organization of the house. His work on the makeup of the committees of that body is progressing satisfactorily. He has received the recommendations of Representative Williams, the Democratic floor leader for minority committee assignments, and this phase of the work was practically concluded at an extended conference with the minority leader and the speaker. While Mr. Cannon will not make predictions as to the day he will announce the committees, these an-

nouncements are looked for Monday next.

With the committees appointed there need be no lack of work in the house. Several thousand bills have been introduced at the present session, and these will be available for committee consideration and when reported on for the consideration of the house. The estimates from the various executive departments of the government, while not officially available until the convening of the regular session, are being received unofficially, and the necessary preliminary work on them may be taken up.

In taking their stand against adjourning the extra session until the Cuban legislation is disposed of house leaders declare that they are simply emphasizing the purpose for which the session was called, are acting in good faith and with no disposition to reflect in any way upon the senate.

On the senate side it is said that the agreement to fix a time for a vote insures the passage of the Cuban bill, but that notwithstanding that fact no proposition for a final adjournment of the extra session will emanate from the senate. All such resolutions have heretofore originated in the house, and the senate does not wish to break that unwritten law.

Senate Committee Assignments.

At the beginning of the session the senate adopted the resolution of Mr. Hale on Monday last for the appointment of senators as members of committees. The list was amended by substituting the name of Mr. Morgan of Alabama for that of Mr. Bate as chairman of the committee on quarantine and public health and by creating a new committee of three to dispose of useless papers in the departments, of which Mr. Pettus (Dem., Ala.) was made chairman and Messrs. Bate (Dem., Ten.) and Long (Rep., Kan.) members.

Mr. Hale (Me.) then called up his motion for the reconsideration of the vote by which Mr. Newlands' joint resolution providing for the annexation of Cuba was referred to the committee on relations with Cuba and asked that a vote on the motion be taken forthwith with the understanding that the resolution itself should lie upon the table for future discussion. There was no objection to the request, and the motion was adopted without division. It was the intention of Mr. Spooner to speak on the motion, but his address was deferred, and he will speak on the resolution itself on a later day.

At the instance of Mr. Cullom the Cuban reciprocity bill was read at length and made the unfinished business with the understanding that any senator who may desire to do so may speak on the measure at any time that the senate is in session.

Mr. Carmack (Tenn.) immediately took the floor and addressed the senate in opposition to the Cuban bill.

The president has sent to the senate the following nominations: Judges of the police court of the District of Columbia, Ivory G. Kimball and Charles Fletcher Scott. Both are reappointments. Postmasters: Connecticut—James F. Holden, Forestville; New Jersey—Lewis A. Waterson, Madison. Also several army and navy promotions.

GERMANY STORM SWEEP.

Two Trains Wrecked and Steamer Deutschland Damaged.

Berlin, Nov. 24.—The high winds which have been sweeping over Germany for thirty-six hours, accompanied by a heavy rainfall, continue to delay traffic and interrupt telegraphic communication and have caused several railroad accidents. An odd one occurred at Schleibach (sixteen miles from Elberfeld). The wind started several freight cars, which were on a switch, in motion, their speed accelerated and finally they ran on to the main line and collided with an express train. No one was badly hurt.

The Hamburg-American line steamer Deutschland, which arrived at Hamburg from New York Thursday, during the storm on Saturday tore out the pile to which she was moored by her chain cable while unloading at Hamburg and went adrift. The chain and the pile struck the vessel and broke a plate forward. She is now at Cuxhaven and will go through the Kaiser Wilhelm canal, probably to Kiel or Stettin, for repairs. The Deutschland is due to sail for New York Jan. 5.

Wages Cut at Fall River.

Boston, Nov. 24.—The first of the numerous reductions in wages announced in the cotton mills of southern New England and at half a dozen points outside of that territory have gone into effect in all but one Fall River corporation and at a number of outside mills. Although about 32,000 operatives had their pay cut down, no general strike occurred in any mill, the textile workers recognizing that the great cost of cotton and an unsatisfactory goods market would operate against the success of any radical step.

Clyde Yachtsmen Will Challenge.

Glasgow, Scotland, Nov. 24.—The reported intention of Clyde yachtsmen to challenge for the America's cup was confirmed by the Glasgow Herald. The paper adds, "The latest suggestion on the subject, which is favorably received, is that Messrs. Coates, Clark and Donaldson should head three separate syndicates and have three yachts designed respectively by Watson, Fife and Mylne, the yachts to be raced throughout the summer and the best one to be selected to challenge in 1905."

Killed by Nightmare.

Lacrosse, Wis., Nov. 26.—Suffering from a terrible nightmare, from which she could not be aroused, Mrs. George Root died in convulsions. The nightmare caused the constriction of the muscles and gradually cut off her breath.

FALL COLDS.

DANGEROUS BECAUSE HARD TO CURE.

An Offer to the People of Barre From Our Well-Known Druggists, Rickert & Wells.

Our well-known druggists, Rickert & Wells, claim they have a cure for colds and coughs, and if it fails they will refund your money. The remedy is Vinol, and we have heard such wonderful results from it that we advise every person in Barre who is suffering from a cold or cough to try it on their guarantee.

A hard cold and hacking cough may be the means of undermining your constitution and terminate in consumption. Cough syrups, while they temporarily allay the spasms of coughing, owing to the opiates they contain, upset the stomach and do not cure the cause; old-fashioned cod liver oil and emulsions are so nauseating that few can take them.

Vinol is delicious to take, and contains all the active curative principles of cod liver oil in a highly concentrated form, and it is, therefore, the greatest specific known for coughs, colds and bronchial troubles. You would not eat an egg, shell and all. For the same reason you should not take old-fashioned cod liver oil or emulsions, just to get the medicinal curative elements which they contain.

The Vinol manufacturers separate them for you, throw away the useless oil and give you in a delicious, concentrated form all the healing and life-giving elements which are to be found in fresh cod's livers. That is what gives Vinol its wonderful power to cure coughs, colds and all throat and lung troubles and makes the greatest tonic reconstructer known to medicine. Rickert & Wells, Druggists.

KAISER CHANGES VOICE.

Learning to Speak in Lower Notes Because of Throat Trouble.

Berlin, Nov. 26.—Emperor William has changed his voice, modulating it so as to reduce the pressure on the vocal chords. He now speaks in a somewhat lower pitch, his utterances resonating against the cavities of the mouth. He has not yet trained himself fully, and he may take the services of a teacher, so that he can apply correctly the method taught in voice culture. It will be possible, when the emperor's voice is trained completely, for him to speak easily, more clearly and longer, without the slightest injurious strain.

The emperor's advisers have accepted the theory of Dr. H. Holbrook Curtis of New York, which has been made familiar to the German physicians by Professor H. Krause, the throat specialist, who attended the late Emperor Frederick. Professor Krause believes that several throat diseases can be obviated and in some instances cured by using the voice scientifically.

The official announcement that the emperor had begun a course of voice culture was contained in the following bulletin issued from the New palace, Potsdam:

"The surgical wound on the left vocal chord has been scarred over since Nov. 19. His majesty will still require careful use of his voice for a considerable time until the scar becomes sufficiently firm."

"His majesty is now undergoing massage treatment of the larynx, along with voice exercises. His majesty probably will recover the entire use of his voice within a few weeks."

Professor Moritz Schmidt, who operated on the emperor, has been made a privy councillor, with the title of excellency, in recognition of his skill and the emperor's rapid recovery.

Pennypacker Appoints a Judge.

Harrisburg, Pa., Nov. 26.—Governor Pennypacker has appointed Samuel Gustine Thompson to be supreme court judge to succeed the late J. Brewster McCulloch.

ODELL'S ASCENDENCY.

Governor Says It Does Not Mean Extinction of Platt.

New York, Nov. 26.—Governor B. B. Odell, Jr., spent a few hours in this city on his return to Albany from Washington, where he conferred with President Roosevelt and Senator Thomas C. Platt about conditions in the Republican party in this state.

Mr. Odell was seen at the Republican club.

"Do you care to make any formal statement about the result of the conference at Washington on the condition of affairs in this state?" the governor was asked.

"No, there is nothing I can say in that way," he replied. "We simply had a conference and arranged matters in a way satisfactory to both sides. Senator Platt is still the leader of the party in this state. There has never been any disposition to take the leadership from him."

Governor Odell was then asked if he would not assume the management in the future, but did not answer directly, stating that he would work to the best of his ability for the success of the party in this state. To questions whether there would be a reorganization in this city and whether he would assume charge here he replied that such matters were things to be decided in the future.

"I do not care to say anything further about the conference," he concluded, "except that it resulted in harmonizing matters which were in a badly strained condition last week and that the result was attained by bending on both sides. We are all united now for the success of the party in this state."

"How about the vote of this state in the Republican national convention?"

"I have never expressed any doubt that it would be given to Roosevelt, and I do not like repeated questions on that point," he replied.

BRYAN CHOATE'S GUEST.

Sits at Luncheon Between Balfour and Ritchie.

London, Nov. 26.—Ambassador Choate gave a luncheon to William Jennings Bryan. Among the distinguished persons invited to meet Mr. Bryan were Premier Balfour, the Earl of Onslow, Charles T. Ritchie, Sir Robert Giffen, Sir Gilbert Parker, Moreton Frewen, Lord Denbigh, Lord Mount-Stephen and W. L. Courtney.

The luncheon was informal and no speeches were made. Mr. Bryan's powers as a story teller quite delighted the English guests. Whether it was done on purpose or otherwise there was a touch of grim humor in the fact that Mr. Choate placed Mr. Bryan between Mr. Balfour and Mr. Ritchie, who had not met since the cabinet split.

Pennbody Gets a Thousand Rifles.

Washington, Nov. 26.—The war department has honored the requisition of the governor of Colorado for 1,000 Krag-Jorgensen rifles and clothing supplies and other equipment for 1,000 men. These supplies were regularly issued under the provisions of the Dick bill for the arming and equipment of the organized militia of the states and territories. It is stated at the war department that the state of Colorado is merely receiving the supplies to which she is entitled under the law and that they undoubtedly are issued at this time because the Colorado militia has been ordered out by the governor for the purpose of preserving order in the districts affected by the labor strikes.

Atlantic Transport Liner Aground.

Philadelphia, Nov. 24.—The Atlantic Transport line steamer Minnesota, from London for Philadelphia, is aground two miles below Reedy Island light in the Delaware bay. The Minnesota grounded early during a dense fog. She is lying easy.
